

PRIVACY INFORMATION

1. SUBJECT

Under the terms and for the purposes of decree Leg. D. no. 196/2003 - Data Protection Act, this Privacy Information describes the methods and aims of management of the data provided by users of the corporate website www.mOmma technology.com (hereinafter referred to as the "website"). This Privacy Information is published under the terms of art. 13 of the Data Protection Act, and in consideration of Recommendation no. 2/2001 (relating to the minimum requirements for on-line data collection in the European Union, adopted on 17th May by the EC-Group for personal protection relation to personal data processing) and applies to all those who access the website. Everything set out in this Privacy Information, unless otherwise stated, refers solely to the website. The Site Managers and the content Authors are not liable for the contents of third-party websites directly or indirectly connected through links from the website.

2. DATA CONTROLLER AND DATA PROCESSING MANAGER

The data controller is mOmma technology S.r.l., with registered office at Via Repubblica, 6 - 22075 Lurate Caccivio - Italy (Italy).

The data processing manager is Blumade s.a.s with registered office Via Canturina 183 – 22100 Como (Italy). The updated list of processing managers appointed by the company is available on the mOmma technology s.r.l. website.

Data processing will be carried out by employees or staff of the company or the processing manager company, working in the sphere of their companies, as processing officers.

3. DATA PROCESSED AND PURPOSE OF THE PROCESSING

Simply visiting the website does not, in itself, lead to the collection or processing of users' personal data. In any event, please refer to sections 6 and 7 of this privacy information for details regarding the importance, for the purposes of privacy, of the browsing data and cookies.

The data that are collected and then processed are normally limited to the user's forename and surname, his/her address, e-mail address, date of birth and country of residence.

Only in the cases where providing data leads to the establishment of a professional or commercial collaboration may further identification details of the person and/or the company and the activity performed by the latter be requested. In no case is the collection of data defined as sensitive by current regulations planned.

Unless otherwise stated, providing the data requested from time to time is mandatory for the purpose of upgrading the procedures of access to the reserved areas of the website or to other specific functions.

The required or optional nature of the provision of data that mOmma technology reserves the right to request in future also from users who have already registered, will be specified from time to time, together with the purposes justifying the request for such further information to be provided.

The aims of data processing are varied, depending on the section of the website containing the request for data to be provided. In particular:

Contact us: The user's personal data, provided at the time of registration, will be processed solely for purposes connected with the request for information submitted and, after express consent from the user himself/herself, for purposes related to sending descriptive, promotional and informative material of the mOmnia technology world and products.

Newsletter: the user's personal data will be processed for the purpose of sending the mOmnia technology Newsletter and, after express consent from the user, for purposes related to sending descriptive, promotional and informative material of the mOmnia technology world and products.

Press contact: the user's personal data will be processed in order to qualify the User as a journalist and, as such, allow him/her access to a reserved area in which he/she will find information in the form of text and photographs intended to be used for mOmnia technology communications. In this case too, after express consent from the user, the data may be processed for purposes related to sending descriptive, promotional and informative material of the mOmnia technology world and products.

mymOmnia technology: the personal data will be processed to identify users, allow them to become members of the Community, involve them in market research studies, online polls, interviews and other commercial-type initiatives relating to mOmnia technology products and, after express consent, transmitting descriptive, promotional and informative material of the mOmnia technology world and products.

If the images uploaded by the user depict the latter or third-parties, for the purposes of this Privacy Information the definition of personal data extends also to such images. In relation to images of third parties, the user anyway guarantees mOmnia technology that their consent has been obtained to publish and distribute said images on the website and for their use by mOmnia technology s.r.l. as stipulated in the related Conditions of Use.

Registered trademarks: in this case, personal data are processed in order to start the procedure for the issue (and any subsequent cancellation) of authorization to the user for use of the registered trademark "mOmnia technology®" on the web.

Work with Us: the data provided are processed in order to assess the possibility of entering into a working relationship between the user and mOmnia technology s.r.l. and for the purposes of recruiting personnel. Also, if there is no follow-up to the contact established by sending a CV or other data, said information will be retained by mOmnia technology s.r.l. for a period of one year from their acquisition, after which they will be deleted.

Shops: users' personal data will be processed in order to qualify them as professional Retailers and, as such, allow them to access reserved areas of the website, in which they will find text and photographs to use for information or communication activities related to mOmnia technology. After express consent from the user, the data may be processed for purposes relating to sending descriptive, promotional and informative material of the mOmnia technology world and products.

Distributors: users' personal data will be processed in order to qualify them as mOmnia technology Distributors and, as such, allow them to access the reserved areas of the website, in which they will find text and photographs to use for information or communication activities related to mOmnia technology. After express consent from the user, the data may be processed for purposes relating to sending descriptive, promotional and informative material of the mOmnia technology world and

products.

Upload Images: the user's personal data will be processed for the purposes of identifying the user who proceeds to upload photographic or video contents to the website and, with the express consent of the user, for purposes related to sending descriptive, promotional and informative materials of the mOmnia technology world and products.

If these images depict the user or third parties, for the purposes of this Privacy Information, the definition of personal data is extended also to said images. In relation to the images of third parties, the user anyway guarantees to mOmnia technology that their consent has been obtained for the publication and distribution of such images through the website and their use by mOmnia technology s.r.l. as stipulated in the related Terms of Use.

4. CONSENT

At the time of registering with any section of the website, the user is prompted to read the Privacy Information made available under the terms of the Data Protection Act and to confirm his/her consent for processing of the data provided on that occasion, for the purposes described time by time. This consent is mandatory in order to complete the user's registration with the website and the use of the services requested and, in contrast, is always optional with reference to sending promotional and/or information material relating to mOmnia technology activities and products.

5. SCOPE OF DATA CIRCULATION

The personal data provided by the users will be processed by mOmnia technology s.r.l. or by the parties it appoints directly to conduct market research studies, polls, interviews or other promotional and customer satisfaction initiatives, under its own responsibility, in Italy, Europe or countries outside Europe, except for data entered at the time of a contact request with a foreign distributor, which are automatically transferred to the distributor in question in its country.

6. BROWSING DATA

The computer systems and software procedures used for operation of the websites acquire, during normal operation, some data whose transmission is implicit in the use of Internet communication protocols.

This is information that is not collected to be associated with identified data subjects, but that could, by its very nature, through processing and associations with data held by third parties, permit users to be identified.

This category of data includes IP addresses or domain names of the computers used by the users who connect to the website, Uniform Resource Identifier (URI) address of the resources requested, the time of the request, the method used to submit the request to the server, the size of the file obtained in response, the numerical code indicating the status of the response given by the server (success, error, etc.) and other parameters relating to the user's operating system and computer environment.

These data are not circulated, but are used for the sole purposes of obtaining anonymous statistical information on the use of the websites and to control their correct operation, and are kept for the times defined by legal regulations on the subject. The data could, however, be used for checking liability in the event of cases of computer crimes involving website damage.

7. COOKIES

No personal data of the users are acquired for this purpose from the website.

The use of session cookies (which are not permanently stored on the user's computer and are cleared when the browser is closed) is strictly limited to transmission of session usernames (made up of random numbers generated by the server) necessary to allow secure and efficient searching on the website.

Session cookies used in the sites avoid recourse to use of other potentially harmful computer techniques for user browsing privacy and are aimed solely at helping users browse the website, permitting, in particular, frequent users' data to be stored for site access. Most commonly used browsers however feature an option to disable cookies.

8. PROCESSING METHOD

Data processing will be performed using appropriate tools and procedures to guarantee security and privacy in accordance with the law, and may be carried out both through hard copy supports or with the aid of digital media.

Specific security measures are observed to prevent the loss of data, illegal and incorrect usage and unauthorised access.

9. RIGHTS OF THE DATA SUBJECT

Users are entitled to obtain confirmation of the existence or otherwise of their data at any time and to be informed of their content and source, the processing purposes and methods, and - in the event of processing with electronic tools - the applied processing logic, checking the accuracy of their data or requesting corrections and updates (art. 7 of Leg. D. no. 196/2003). Under the terms of the same article, users are entitled to request deletion, conversion to anonymous form or blocking of data processed in infringement of the law, as well as to oppose, for legitimate reasons, the processing of their data.

Processing of users' personal data will take place in compliance with Italian law and will be governed by the provisions of Italian law (Leg. D. no. 196/2003).

Users' rights can be exercised by sending a written request to mOmma technology S.r.l., Via Repubblica, 6 - 22075 Lurate Caccivio - Italy, or an e-mail to: info@mOmma technology.com.

10. LANGUAGE

Any translation of this document into a language other than Italian is provided for information purposes only. In the event of discrepancies, the only legally valid and binding version regulating use of the website is the Italian version of this document.
